

Xirrus Trade Up to Wi-Fi 6

AS A XIRRUS CUSTOMER, you know the advantages a high-performance Wi-Fi network provides. In 2019, Xirrus was acquired by Cambium Networks. Since that time, the organizations have combined forces to develop industry-leading Wi-Fi 6 solutions leveraging the latest in wireless technology and continuing forward the high-performance standard for which Xirrus is known.

Wi-Fi 6 8x8 MIMO Access Points Price-Performance Ratio (Mbps/Dollar)

Note: Performance-price ratio = (maximum bidirectional throughput of the AP in the test with all available radios) / (AP list price + 5 years cloud management subscription list price). See Figure 2 chart 1 for detailed prices. See Figure 3 chart 1 for detailed throughput results.

Source: Tolly, December 2020 & January 2021

Figure 1

Tolly Group report shows Cambium Networks Wi-Fi 6 solutions outperform Aruba, Meraki and Ruckus.

[GET THE REPORT](#)

You are now able to take advantage of Cambium’s Wi-Fi 6 offerings with the Xirrus Trade Up to Wi-Fi 6 promotion which provides exclusive pricing to you as a Xirrus customer.

Many benefits are available to you by trading in your existing XR-series products to XV-series Wi-Fi 6:

- Significant discounts on new Cambium XV-series Wi-Fi 6 solutions
- The latest, standards-compliant Wi-Fi 6 technology that represents a revolutionary change from Wi-Fi 5
- Flexible management options – including cloud, on-premises, and mobile
- Access to the Cambium wireless fabric portfolio that delivers multi-gigabit connectivity indoors and outdoors, 2m to 200km
- Compatible migration from existing Xirrus deployments, including EasyPass with Microsoft/Google SSO integration, Application Control, L2-L7 Policy Engine, etc.

Contact your Cambium/Xirrus reseller for a Trade Up quote.

Terms & Conditions:

- Offer is applicable to trade up of existing Xirrus XR series APs (excluding XR-320) currently in operation to XV-series Wi-Fi 6 APs
- Offer is not stackable with other promotions on XV-series APs
- Offer only valid if a minimum of 1 year XMS-Cloud, cnMaestro X or Support is purchased or in place for existing product
- Trade in discount can be applied to a quantity of new units that is up to twice the quantity of existing units (#APs purchased <= 2 * #APs existing)
